NARE TLABELA

Software Developer

Narefikamva@gmail.com 072 615 0957 Pretoria, Gauteng South African

Code 10 / C1 1991 August 29 Female

PROFESSIONAL SUMMARY

Motivated Software Developer with over 2 years of experience and a strong foundation in Computer Systems Engineering. Skilled in front-end development, system support, and administrative operations. Bringing hands-on technical experience, strong problem-solving abilities, and proven administrative skills from both engineering and mining environments.

WORK EXPERIENCE

Administrative Assistant 09/2024 – Present
Pablo Pearson
- Coordinated daily administrative operations and maintained accurate documentation.
- Processed truck bookings, fleet lists, and loading slips.
- Managed communication with transporters, clients, and internal departments.
- Ensured compliance with site requirements and maintained organised records.
- Assisted with logistics planning and ensured smooth workflow.

Front-End Developer Intern 10/2022 – 05/2024
Softtechz Technology
- Developed responsive web interfaces using HTML, CSS, Bootstrap, and JavaScript.
- Performed cross-browser testing and debugging.
- Collaborated with UI/UX teams to implement designs.
- Built dashboards for data visualisation.
- Managed dependencies using npm.
- Prepared and executed test cases for quality assurance.

Computer Systems Engineering In-Service Trainee 03/2019 – 02/2020
E-BITZ Engineering Solutions
- Monitored systems and infrastructure performance.
- Provided troubleshooting and support.
- Installed and tested operating systems and software.
- Ensured high system availability.
- Developed scripts to improve system processes.

EDUCATION

National Diploma in Computer Systems Engineering (Completed - 2020)
Tshwane University of Technology

Advanced Diploma in Computer Systems Engineering (In Progress)
Tshwane University of Technology

CORE COMPETENCIES

- Front-End Development (HTML, CSS, JavaScript, Bootstrap)
- C++, PHP, Node.js
- Responsive Web Design
- Git Version Control
- Systems Monitoring & Troubleshooting
- Electronic Circuit Design
- Server Assembly & Network Systems Analysis
- Administration & Logistics Coordination
- Strong communication & problem-solving abilities

CERTIFICATIONS

- HCIA - Huawei Cloud Computing
